

# *The Program Evaluation Plan*

The program evaluation plan is a document that outlines the evaluation process in systematic manner in the context of the program's theoretical framework and objectives. The quality evaluation plan includes the following elements:

Overview of the program

**Theoretical Framework**

**Program goals & objectives**

Evaluation questions

**Type of evaluation**

**Methodology**

Data Collection Protocol

**Quantitative Analysis (statistical analysis & tools)**

**Qualitative Analysis (focus groups, interviews, observation)**

Human protocol compliance

**Written Reporting & Presentation of Findings Schedule**

*The IELE team can develop an evaluation plan for any type of project.*

*Call or email Pat Schulte, IELE director for details:*
